APPLICANT'S INTERVIEW SUMMARY UNDER 37 CFR 1.133(b)

A telephonic interview was conducted between Examiners Dante Ravetti and Charles Kyle and Applicant's Representative, Dr. Jon Roberts, on April 29, 2008.

Proposed amendments to claims 1 and 7 were discussed relative to the applied prior art. The proposed claim amendments sought to distinguish the various levels of (i) the service provider, (ii) the client of the service provider, and (iii) the customers of the client, as well as the fact that the customization is done by a client administrator (not the customer) and that the categories and sub-categories were related to a business solution.

Applicant's Representative noted that amended independent claim 1 includes numerous limitations that are not found in the applied prior art of Flesner.

The need for compliance with the Guidelines on Computer - Related Inventions (see M.P.E.P. 2106) was also discussed with regard to claiming of data and information as embodied in computer-readable media.

Respectfully submitted,

ROBERTS MARDULA & WERTHEIM, LLC
